**DANCE
LIVE!**

1 Welcome to The Guildhall Trust

Dance Live! is an annual dance event for groups and colleges held at Portsmouth Guildhall and run by **The Guildhall Trust**. After an outstanding event in 2020 and an online streamed TV version for Dance Live! 2021, we have been approached by several dance schools to run their own version, and here it is! The Guildhall Trust is now looking for registration from dance schools, studios, performing arts groups and youth dance companies in Portsmouth and the surrounding areas to take part in our new event: **Dance Live! Studio Edition**.

Dance Live! Studio Edition is a Showcase Competition for dance schools, studios, performing arts groups and youth dance companies using the backdrop of a giant LED screen following the lead of programmes like BBC's 'The Greatest Dancer', ITV's 'Britain's Got Talent' and NBC's 'World of Dance'. All entries will be judged live by a panel of professional judges who have all worked within the stage industry. Past judges include Dance Live! Patron, Mark Smith of Deaf Men Dancing and Patron of the Imperial Society of Teachers of Dancing as well as Matthew Bourne's New Adventures dancer, Ben Derham.

Each group/studio/company will be able to enter a group dance along with accompanying LED Screen content. The Junior event is aimed at dancers aged 7-11 and the Senior event is aimed at dancers aged 12-18. Dance groups/studios/companies are able to enter a routine into both the Junior and Senior event. Entry to the event includes access to FREE Dance Live! Resources on how to use accessible video-making software and how to engage with the LED Screen within your choreography.

Please read through this pack, which will detail the rules and information for competing with event options. **If you have competed in Dance Live! previously, please still read it thoroughly, as Dance Live! Studio Edition will be judged differently.**

There are instructions on how to register your dance group, which will be done via a Google Form on our website: <https://portsmouthguildhall.org.uk/get-involved/groups-colleges/dance-live/dance-live-studio-edition/>. Please note that by registering your dance group, you are not making a financial commitment; this will be done later in the school year.

The Junior event will take place on **Saturday 30th April 2022** and the Senior event will take place on **Sunday 1st May 2022**.

The 2022 events will proceed adhering to all Government guidelines with a range of Covid safety measures in place. If you have any questions about the event, do get in touch with the Dance Live! Team via email: dancelive@portsmouthguildhall.org.uk.

Kind regards,

Andy Grays
CEO
The Guildhall Trust

1.3 Introduction

We live in a digital age. Much of what we see, hear or do is defined by the latest technology. At the forefront of this are our young people, they embrace today's digital culture naturally and often with a greater certainty than older generations.

In today's professional world, dance and theatre embrace all aspects of digital technology. Whether that is using the latest sound and lighting equipment, to all aspects of the creative delivery of a show. Sets are no longer defined by heavy pieces of carpentry which are static, but moving imagery conveyed by projection, video and the clever use of lighting and sound. Smaller props are imaginatively assimilated into the digital world of today's production.

Dance Live! Studio Edition challenges young people to embrace today's digital culture by creating a dance performance piece. We want our dancers to be highly creative, developing an original piece of work using video and sound on a large LED screen. The work should relate to and interact with the digital content.

Today's dance and musical theatre practitioners challenge themselves to push boundaries, whether that's the re-staging of a classic musical like 'An American in Paris' in London's West End, new dance presented by Sadler's Wells or touring ballet by companies like Northern Ballet. Dance Live! Studio Edition is therefore much more than just the performers, it relies heavily on how the choreography and direction works with the digital element.

Dance groups, studios and youth dance companies can enter with a performance piece of any genre of dance from Contemporary or Hip Hop to Bhangra or Latin. Groups with dancers aged 7-11 will enter the Junior competition and groups with dancers aged 12-18 will enter the Senior competition. Each dance group, studio and youth dance company can enter one Junior group and one Senior group to the competition.

Please note that the competition is only open to dance schools, dance studios, performing arts groups or youth dance companies and not schools and colleges. If you are a school or college wishing to compete, please contact the Dance Live! Team regarding Dance Live!. The Guildhall Trust has public liability insurance and licenses with PRS and PPL.

Covid-19 Provisions

Due to the unpredictable nature of the Covid-19 Pandemic, the Dance Live! Team have developed alternative event formats (below). The Dance Live! Team will liaise with Dance Teachers as to which event format will be used depending on which Government Advice and Guidelines are in place at the time of the event. Dance Live! will aim to make a decision on the event format as soon as possible but both Dance Live! and participating groups should aim to be flexible with changes to the event should there be an unexpected change in the nature of the pandemic. **Dance Live! Studio Edition 2022** will take place as one of the following formats:

Plan A: In Person

The Junior and Senior events will go ahead in person with a live audience.

Plan B: In Person and Digital

Groups will attend Portsmouth Guildhall for the event with social distancing/bubbles in place. Depending on current guidelines, groups will either be in their own area of the auditorium or will be in dressing rooms where the day will be live streamed to them ensuring that they don't miss out on the experience of watching other groups performing. The evening event will be live streamed with a multi-camera set up to an audience at home.

Plan C: Digital

Each group will be individually invited to Portsmouth Guildhall where you will be able to perform your piece in front of the LED Screen. This performance will be filmed by the Dance Live! Team and your video will then be streamed online for groups and families to watch on the evening of the event. Your video will be judged live by the Dance Live! Studio Edition Professional Judges during the online stream.

Plan D: In-Studio

Each group will submit a video of their performance filmed in their studio. All videos will be streamed online to be viewed at home with Judges feedback.

Participating groups will be provided with the relevant resources to support the development of Covid-safe rehearsals and performances. As a venue, The Guildhall will be following up to date Government Guidelines at all times and will make teachers aware of formats and procedures in due course.

3 Participation, Fees & Payment

3.2 Entering the Competition

Groups must register by completing the Google Form on The Guildhall Trust's website: www.portsmouthguildhall.org.uk before **5pm, Friday 8th October 2021**. Should your group be chosen to compete, you will then receive email confirmation of your entry into the competition. Should a group wish to withdraw after they have been chosen to compete and have signed their agreement, they must contact the Dance Live! Team at The Guildhall.

3.3 Agreement

The agreement will ask each group to abide by safeguarding rules concerning all young people with regards to offsite group's activity and the local authorities licensing requirements. The group must be prepared for each pupil to be offsite for one full day.

By returning the agreement, you are confirming that you will be submitting all required paperwork, to comply with Child Licencing requirements, by the stipulated deadlines. More information about this can be found in section 5. The agreement will ask each group to commit to our rules and confirm that they will make payment in full according to the participant numbers. It is expected that all children and young people will be well behaved within the venue and under the supervision of teachers and/or helpers.

Please note that only one team from each group can enter into Juniors and Seniors. A group with a Junior and Senior section can therefore enter 2 teams, one into the junior competition and one into the senior competition.

3.4 The Participation Fee

For each dancer who enters, there is a participation fee of **£12**. This fee supports the production and delivery of the event. Each group will be invoiced for their total fees, which must be paid by the deadline stated on the invoice. The fees apply to all dancers engaged with the delivery of the event on the day. Teachers and adult volunteers who are supporting the development and delivery of the event do not need to pay a participation fee.

The participation fee to be paid to us (The Guildhall Trust) will be shown as **£10+VAT (£12) per participant**. We will be issuing invoices once you have returned your official registration form in the Autumn term. BACS transfer will be the preferred method of payment; however, we will accept card and cheque payments.

The deadline for final confirmation of participant numbers is **5pm, Friday 19th November 2021** after which an invoice will be sent to your lead contact. If we have not received any participant number updates, we will be invoicing for the numbers stated on your official registration form. Due to Covid-19 Capacity Restrictions and arranging appropriate dressing room spaces, you will be unable to change your participant numbers or amend invoices after this date. The deadline for payment is **5pm, Friday 14th January 2022** after which point we are unable to give refunds to groups for individual participants unless there are exceptional circumstances.

Creating a Performance Piece

Dance Live! Studio Edition welcomes dance styles and themes of all genres, provided these themes are sensitive and age-appropriate.

4.2 The Performance Piece

The performance must be between **3-5 minutes** in length, anything less or more will affect the judging of your piece in the 'Performance' category. Your piece must be original and 'PG' rated and therefore suitable for all audiences.

Please see the important guidance in section 5.2 about what is and is not allowed, in relation to the theme.

We will liaise with you throughout the creative process and will want to hear your ideas. We want to see work that is original, innovative and exciting, however most importantly we want you to have fun. All dance forms are permitted, including but not limited to: Commercial, Contemporary, Jazz, Hip-Hop, South Asian, Irish, Latin and Ballroom and Tap.

Your work might tell a story, relate to a theme, or it might be interpretive. Whilst it should be a dance piece, it can include complimentary elements of performance including spoken word or narration. Dance Live! Studio Edition will make available microphones. We won't allow full musical support on stage, but some percussion is permitted. If you're unsure about anything, please contact the Dance Live! Team.

4.3 The Role of the LED Screen

The LED screen is to be used as the set and backdrop. All groups must use it to support their performance. The screen is essentially a large computer screen, you should create a video with soundtrack that runs the entire length of the performance. Groups should be able to gain access to several free, easy-to-use, software programmes which will create the content, for example i-Movie and Final Cut Pro. The Dance Live! Team will offer support and advice as to how to create your LED screen content. The audio must be imbedded into the video.

The Screen will be large, **9.6m x 5.4m (16:9 ratio)**, which we'll hang at the rear of the stage, 6 inches above the floor. There are several good examples of how screens tie into performances, they are often used on shows such as *X-Factor*, *Britain's Got Talent* and most recently, *Eurovision Song Contest 2021*. After registering, participating groups will be given access to examples of how the screen was used in previous events along with advice documents to support their creation of screen content. We also have several promotional films on our website, with footage of the screen, that can be seen as examples and image examples can be found on our Instagram page ([@danceliveportsmouth](https://www.instagram.com/danceliveportsmouth)).

4.4 Dance Live! Studio Edition Introductory Clip

All groups will be asked to create and provide an up to 30 second introductory film clip which will play ahead of the start of your performance.

You may want to consider a few of the following elements:

- your dance school, studio or youth dance company logo or branding
- your rehearsal space
- your dancers
- short exploration of your concept/theme
- your rehearsals

Each group's performance biography will be read aloud by the host of the event before your introductory clip plays.

A note for SEN/D settings

We completely understand that for SEN/D settings, the young people will require additional support. If it is feasible for your group, the Dance Live! Team will work with you, to organise a time for your dancers to come into the venue ahead of the day, so that they can familiarise themselves with the space, including the stage, backstage areas and dressing rooms.

4.5 Dance Live! Resources – Teaching Aids & Information

After registering, all participating groups will be given access to the Dance Live! Resources SharePoint site. This will include an array of teaching aids and information to help you with your Dance Live! Studio Edition creations, for example: some information videos relating to the LED screen, including examples from previous Dance Live! events; simple guides to creating a 30 second introduction film clip; guidance for lighting plans and general information about the event.

Team reserves the right to black out the screen if we consider it to be breaking copyright regulations.

Please be considerate about the soundtrack, should we deem any pieces unsuitable, we reserve the right to mute sections, (e.g. featuring explicit language).

You do not need to obtain copyright permission for music tracks, as Dance Live! will have obtained a licence for the event. 6 Judging & Awards

MAIN PERFORMANCE

There will be up to 4 judges all of whom have worked within the sector. Judging for the main piece will be split into 2 segments '**Creative**' and '**Performance**'. Each segment will contribute equally to the final score.

HOW PERFORMANCES WILL BE JUDGED

Each group will receive a score out of 100 points.

Performance: after each group's performance judges will score out of 70 marks. Judges will look at delivery, originality, interpretation, musicality and overall performance.

Creative: judges will look at the LED Screen Content, Costume, Hair and Makeup.

The LED screen content score is worth 20 marks. Judges will be looking at the content of the screen, how well it complimented the performance and how the performance interacted with the screen. Consideration will also be given to whether the screen distracted from the performance.

The Costume, Hair and Makeup will attract a maximum of 10 marks, therefore your creative score will be marked out of 30.

This policy sets out Dance Live!, Dance Live! Studio Edition and The Guildhall Trust's commitment to using photographs and recordings in a safe, appropriate way.

Photographs and recordings taken during Dance Live! events or workshops will be used on the Dance Live!, Dance Live! Studio Edition and Portsmouth Guildhall Social Media pages, on the Portsmouth Guildhall website (www.portsmouthguildhall.org.uk), in Dance Live! and Dance Live! Studio Edition Brochures, Information Packs and Promotional Videos. Please note that this list is not exclusive and images and recordings may be used to promote the Dance Live! Brand in other documents, platforms or websites.

Dance Live!, Dance Live! Studio Edition and The Guildhall Trust will not use images unless parent/guardian permission has been obtained. Any young person without photo consent should be highlighted by participating groups to the Dance Live! Team. Please note that group names will be listed in photo/video captions and group social media profiles will be tagged if handles have been provided. Social media handles can be provided at the point of registration.

When posting on social media platforms (e.g. Instagram and Facebook), Dance Live!, Dance Live! Studio Edition and The Guildhall Trust will not use filters on images and recordings of our participants. All images used will be truly representative of our participants and Dance Live! promotes positive body image for all our participants across our events and opportunities.
