

# THE GUILDHALL TRUST

**TITLE:** Head Technician

**DEPARTMENT:** Venue Services - Stage

**RESPONSIBLE TO:** Buildings and Technical Manager

**HOURS:** 40h per week

**PAY:** £27,000

## Purpose of Job

Leading in technical support from the building, having expertise in both sound and lighting for shows & events.

To support the Buildings and Technical Manager in ensuring the smooth, safe and efficient running of the of the venue's day-to-day technical and buildings operation. Supporting in the managing and maintenance of all technical and buildings facilities within the venue.

To assist in maintenance tasks & projects alongside the team within the venue.

## Principal Responsibilities:

1	To work on shows and events as scheduled, ensuring that all Health & Safety legislation relating to the stage and its equipment is observed and that all touring and local crew are aware of all requirements and safety procedures. To operate and install equipment and any other tasks as requested.	70%
2	To assist in maintaining all lifting, electrical and plant equipment within the department. Ensuring safe conditions, and that the team is working to current legislation whilst high standards of housekeeping are maintained in all working areas on and around the stage and storage areas.	
3	To oversee and line-manage the casual team. By supervising and directing their work within the department, ensuring they are confident and capable to complete tasks given to them.	
4	To assist the Buildings & Technical manager ensuring checklists are up to date with requests from event organisers and promoters.	
5	To carry out reasonable buildings and maintenance tasks as requested. To support the operational department with maintenance problem solving within service areas and the Health & Safety training of the FOH team.	
6	To contribute ideas to incentivise and energise the team, as well as encourage wellbeing and safe practice.	

7	To ensure weekly checks are completed such as, lighting and consumable stocks, storeroom cleanliness and other health & safety checks requested.	
8	To work flexibly across the Trust as and when required, to support operational efficiency and cost saving. To be available for training and development to meet the needs of the business.	Up to 30% across a year.
9	To attend meetings with other departments within the venue in the absence of the Buildings & Technical Manager.	Up to 30% across a year.
10	To work & assist within the wider White Rock team, supporting other areas that need operational assistance. Assisting with relevant venue general enquires when needed.	Up to 30% across a year.
